**Certificate from the Head of the Institution of the Principal
Collaborator from India**

In order to result in effective, long lasting interactions between scientists of the two countries, it is desired that collaborative programmes supported by CEFIPRA should correspond to scientific interests of all collaborating laboratories, and not only to those of isolated investigators from these laboratories. For this reason, heads of collaborating laboratories are requested to commit themselves, by verifying that the proposed programme corresponds effectively to a major interest of the group they are responsible for, and by indicating the amount of resources (in terms of recurring expenses, equipment and manpower) allocated to the project from their own budget.
